Notice on the unfortunate loss of a student

It is with profound sadness that we announce the passing of our beloved third-year student, who studies Dual Degree in Technology and Management committed suicide.

The Executive Committee, HKUSTSU will collaborate with the school to contact her family, and will provide any assistance when necessary.

No matter what happens, it is important to maintain an optimistic attitude, and never give up life easily. As final exams are approaching, we understand that our fellow schoolmates will be even more pressured when we hear such news. Therefore, not only could schoolmates seek help from the school for counseling if you are depressed (Counseling and Development, Student Affairs Office Tel: 2358 6696 or Email to counsel@ust.hk), but we should help each other out whenever we find that our friends are under pressure.

The Executive Committee, HKUSTSU will take the initiative to look into the cause for this unfortunate incident, so as to prevent similar incidents from happening again. We will also request the school to evaluate about whether their assistance for students is adequate or not.

Last but not least, we would like to wish the student rest in peace

.
